

Dear **Insert Sponsor's Name Here,**

I'm reaching out to ask for your support as I take a serious and intentional step toward strengthening my career and becoming more self-sufficient.

I've chosen to work with the **Better Odds Academy Experience (BOAEX)**, a workforce intelligence firm that helps job seekers prepare, position themselves, and succeed in today's job market through professional career coaching, resume development, interview preparation, and workforce readiness training.

These services are designed to help me become self-efficient and self-sufficient - able to navigate the job market independently, communicate professionally, and build long-term stability. BOAEX clients enter the workforce prepared, positioned, and taken seriously by employers.

At this time, I'm unable to cover the full cost on my own. Your sponsorship would allow me to access this professional guidance and move forward with purpose.

If you're open to supporting me, you may choose from the options below:

- [Purchase the Better Than Basic Job Guide](#) for me
- [Book a career session](#) on my behalf
- [Purchase a BOAEX resume service](#) on my behalf

Services and digital products can be purchased securely through BOAEX's website:
www.goboaex.com

Thank you for believing in my future and supporting my commitment to growth.

With appreciation,
